Men

INTRODUCTION

There are three residence halls for men. The residence halls are John E. Rouse, North, John E. Rouse, South and J. K. Lawton.

North and South Rouse were built in 1962. North Rouse can house 52 students and South Rouse can house 62 students. The North and South wings are arranged in suites with two rooms connected by a bath. Each room accommodates 2 students. These rooms are not carpeted.

Lawton Hall was completed in 1970. There are four rooms in each suite sharing a bathroom, with each room having its own lavatory. Each room accommodates 2 students. These rooms are carpeted.

HOUSING REQUIREMENTS ... Students are reminded that Anderson College requires students to live in the residence halls unless one of the following is applicable:

1. Twenty-one years of age or older
2. One hundred twenty days of consecutive active military duty. (A student must have his military discharge papers or a DD 214 form.)
3. Married
4. Living with parent or guardian
5. Special permission from the Dean of Student Affairs in extreme circumstances

Students who do not meet these requirements and are guilty of living off campus will be subject to suspension from the College.

PROCEDURE FOR CHANGE OF ROOMMATE

Room changes cannot be made until a week after your arrival on campus. This is because there are usually some late arrivals for various reasons. If, after a week, you find you would rather change rooms or roommates, then we will try to move you on a basis of space available. You will have to see the head resident and he will start the movement process. There will be no room changes without the head resident's prior consent.

MISPLACED OR LOST KEYS

If for any reason, you are locked out of your room, and you can't find your roommate to let you in, then contact your resident aid to let you in. In the event that he is not around to assist you, then contact your head resident. If your key is lost, then you will need to pay \$1.50 for a replacement key. You will pay the head resident and he will issue you a new key.

INSPECTION PROCEDURES

Students are expected to maintain their rooms and bathrooms in a decent and orderly fashion. Inspection of rooms will be made once a week. The day and time will be announced in advance. Room inspections are carried out by the resident aids, head resident, or Dean of Men.

BREAKAGE OR REPLACEMENT PROCEDURE

If something should break or need replacing, you should contact your resident aid and if he can't be reached, then contact your head resident.

LAUNDRY ROOM

There are three coin operated washers and dryers in the basement of North Rouse Residence Hall. The cost is 25¢ for washers and 10¢ for dryers. Also located in the laundry room are lockers for linen service. A weekly linen service is available with two sheets, one pillow case, and three medium sized towels. You must have your own washcloths. Linen service is optional. The cost is \$16 per semester or \$32 per year.

SEARCH AND SEIZURE

The Anderson College Administration reserves the right to the process of search and seizure in the dormitories any time deemed necessary, in the student's presence or absence.

HOLIDAYS - OPENING AND CLOSING OF RESIDENCE HALLS

No one is allowed to stay in the residence halls after 5:00 p.m. on the day a holiday begins. Also, no one will be allowed to return to the residence halls earlier than 2:00 p.m. the afternoon students are scheduled to arrive back on campus. Exceptions must be cleared in advance by the Dean of Men.

Infirmary Regulations:

1. Students who need medical care will report to the infirmary as soon as possible.
2. Students coming to the infirmary for an overnight stay must notify the resident hall director before coming.

8. The nurse is not responsible for medicine taken in the dormitory room, nor for continued treatment prescribed prior to the student's admission to the College. In case of need for continued treatment, the nurse and a local doctor should be consulted.

9. Visiting hours in the infirmary will be from 3:00 p.m. to 5:00 p.m. with the permission from the nurse. Men students are not permitted to visit women staying in the infirmary, or women students to visit men in the infirmary.
10. The special student insurance policy does not pay for doctor's calls. Students are responsible for doctor's services and prescription drugs ordered by the doctor. Routine infirmary illnesses are not charged to the student.
11. A sick student's parents or relatives may be notified of the illness by the student, the nurse, or the doctor.
12. Physical education instructor has the privilege to send injured students to a doctor when the nurse is not available.
13. Any student to be sent to the hospital will be entered by the College nurse personally.
14. Bring the necessary personal items when expecting to be admitted to the infirmary.

16. Students must have a consent for treatment form on file at the College.

TELEPHONES

There are school telephones on each hall in addition to a pay telephone in each residence hall. If a student wishes to have a private telephone in his room, he may do so. The student may make arrangements by contacting the local Southern Bell office. The student is responsible for his own installation cost, monthly bills and long distance calls.

BICYCLES

No motorized vehicles are allowed in residence halls. Bicycle racks are provided. If you keep your bicycle in your room, you must keep it in the closet. Riding bicycles in the residence halls is not allowed. You should bring a lock for your bicycle to secure it when not being used.

LOUNGES

There are attractive lounges for your use. They are equipped with chairs, sofas, and study tables. The lounges are located throughout the residence halls. North and South Rouse have a lounge on the first floor. Lawton Hall has three, one on each floor. Anderson College cannot assume any responsibility in the event of theft from your room. You should check to make sure that your T.V., stereo, etc. is covered under your parents' home owners policy prior to bringing them to campus. You should record the serial number of items that have them.

PEOPLE TO KNOW

Throughout this booklet you'll find that we suggest that when you have a problem, which you can't seem to handle by yourself, you seek out a member of the College community who may be able to help you. It will be up to you to choose the person or persons whom you can relate to and have confidence in. Listed below are some helpful people and how you can get in touch with them:

Academic Dean - Dr. Paul A. Talmadge,	
Adm. Bldg.	- Ext. 203
Dean of Students - Richard H. Franklin,	
Adm. Bldg.	- Ext. 335
Dean of Men - Charles F. Lawson,	
Adm. Bldg.	- Ext. 349
Guidance Counselor - Jim Craine,	
Adm. Bldg.	- Ext. 211

Campus Minister - Gymnasium	- Ext. 257
Registrar and Assistant Academic Dean, Richard Roberts, Registrar's Office	- Ext. 206
Financial Aid - Jim Owens, Student Center	- Ext. 333
Head Resident of Men's Residence Hall, Johnny Phillips, Rouse Residence Hall	
Activities Director - Lana Branham, Student Center	

If you have a problem academically, you may discuss your problem with (1) the professor involved, (2) the department chairman, (3) Mr. Roberts, the Registrar, or (4) Dean Talmadge, the Academic Dean. Whenever possible, begin with the professor before taking your problem to a higher level. Always use proper channels.

In the final analysis you will be looking for someone who can meet your need. This need could be either academic or personal.

ORIENTATION

Part of your orientation is taking place right now with your reading of this for resident students. Later on you will receive a Student Handbook. You should familiarize yourself with this book and the Student Handbook. Upon your arrival on campus, you will have a general orientation program along with your parents. The following day you will begin your academic orientation program and get information about registration. During the first week there will be various forms of entertainment. This week of orientation is designed to help you meet other freshmen and sophomores and to get you to know Anderson College. This first week will bring you face-to-face with new and different people from various places.

YOUR ROOMMATE

Roommate assignments will be sent in the middle of the summer. You should correspond with him so you can decide who is to bring what. This can avoid duplication of certain items. Sharing a room with another person can present problems you've never encountered before. The main thing to remember is that your roommate is probably facing the same problems you are. Both you and your roommate are under the same pressures of adapting to a new life on campus. If you both can compromise a lot, then you both will get through your freshman year.

After you have talked with your roommate and you still can't work out a solution, then talk to your hall representative, resident advisor, and/or head resident. Possibly one of these people can help.

YOUR ROOM

You will find that each room is equipped with two beds, two dressers, two desks and chairs, and venetian blinds. All rooms are air conditioned. You will have to share a bath with your suitemates. You will need a pillow, blanket, and bedspread. The size of the rooms in North and South Rouse is 12' x 14' and Lawton Hall is 13' x 15'9". Each room has one window. The rooms in Lawton Hall are carpeted. Students in North and South Rouse may be interested in bringing a rug from home.

CLOTHES

Closet space is limited, so you might want to wait till later in the school year before bringing your winter clothes. Most students sense how to dress appropriately for the occasion. Dressing for comfort seems to be the rule. It is advisable to bring

some dress clothing for the times that you would need to dress for the occasion. The first time that you would need to do so would be for the President's Reception during the week of orientation.

RESIDENCE LIFE

Learning to live in a residence hall is one of the first things you will be faced with in College. You will be with students who are like you and some who are different from you. Living with all the students in your suite successfully is very important.

You will find many friends in your suite and your residence hall. Don't let the friendliness stop at the residence hall. The A.C. campus has traditionally been friendly, the faculty, staff, administration, and students.

RULES FOR RESIDENCE HALL LIFE

1. You are responsible for notices in the Campus News (a weekly bulletin from the Student Affairs Office) and the bulletin boards. School regulations are in effect from the time you assume residence in your residence hall until you terminate your residence at the end of the school year. Any rule changes will be published in the Campus News.
2. Residence hall meetings are scheduled periodically to bring important information to you. You are required to attend these meetings.
3. Cooking in your rooms is not permitted.
4. Small compact refrigerators are allowed. There

is a small rental charge of \$5.00 per semester or \$9.00 per year. This is to help defray the electrical use.

5. Pets are not allowed in the residence hall.
6. Each room is required to have a room key which will be issued when you arrive on campus.
7. Reasonable quiet is expected in the suite from 11:00 p.m. till 7:00 a.m.

9. You are expected to observe quiet at all times in the study rooms that are provided throughout the residence halls.
10. When using the public telephones, you should limit your call to five minutes.
11. Do not hesitate to request someone to be quiet, and you should not be offended if someone asks this of you.

FIRE DRILLS

1. There are several fire drills during the year.
2. As soon as you hear a fire alarm, you should do the following things immediately:
 - a. Close your windows.
 - b. Leave the room. Shut the door behind you. Your hall representative will check the dorm to see that everyone is out of his room.

- c. Proceed in a quiet and orderly manner to an assigned exit and from there to a safe distance from the building.
- d. Do not re-enter the building until you are told to do so by your head resident, resident aid, or hall representative.

FIRE ALARMS

Students are reminded that turning in a false fire alarm is subject to legal action, as well as suspension from the College.

DRUGS AND ALCOHOL

The use and/or possession of drugs and alcohol is not allowed on campus. If you do so, you are jeopardizing your education. A student code of conduct found in the general Student Handbook lists major violations. The following is only a partial part of the code, and one may be brought before the Disciplinary Committee for a violation of:

1. The possession of, consumption of, being under the influence of, and selling of alcoholic beverages on campus or at College sponsored functions in which Anderson College is officially represented.
